The Quantum Institute (QI) is a global ecosystem — an Agora of Wisdom — where minds collect and possibilities connect.

Guided by our M.I.N.D. and S.O.U.L. value systems, we merge pioneering science with ancient wisdom to foster transformative healing and discovery. These guidelines serve as a definitive blueprint for our visual and ideological DNA, ensuring that every expression

of The Quantum Alchemist remains coherent, insightful, and resonant. Use this toolkit to ensure our identity is applied with purpose, presenting a unified brand experience as we unlock the new frontiers of human potential.

Vision

Where minds collect
& possibilities connect.

Mission

Empower minds through
quantum-lensed exploration,
fostering a global ecosystem
for expanded learning,
scientific discovery, and
transformative healing.

HERE for you

H.E.R.E (Healing, Education, Research, Exploration)

Importance of Exploration:

- The acronym “HERE” alludes to physical location and presence.
- Slot machine style substantiation gains balance in both acronyms (M.I.N.D + H.E.R.E).
- Exploration invites customers on a journey to gain health and/or knowledge.
- It doesn't limit the scientific community to strict research but opens doorways of exploration.

The Agora of Wisdom.

MIND	We break the boundaries of what can be achieved through the natural application of theoretical sciences.
BODY	We revolutionize our understanding of health, merging rigorous research with ancient wisdom, to co-create new pathways to well-being.
SOUL	We transcend science to promote a quantum understanding of the human experience, in order to unlock new frontiers.
BP+V	Welcome to the Quantum Institute, the agora of wisdom. Where minds collect and possibilities connect.

MASTERY

Our path is one of mastery.
We embody and pursue excellence
in knowledge and wisdom.

INNOVATION

Our path is one of innovation.
We blend ancient wisdom with pioneering
science to create transformative ideas.

NURTURING

Our path is one of nurturing.
We cultivate growth and well-being in an
environment supported with compassion.

DISCOVERY

Our path is one of discovery.
We unlock new insights and explore the
unknown with adventurous curiosity.

SYMBIOTIC

We are in a state of entanglement.
We co-create progressive systems through
science and soul.*

* A quantum phenomenon in which particles become linked
and share information regardless of time or distance.

ONENESS

We are in a state of coherence.
We interconnect and align unities towards
shared goals.*

* The property of quantum systems where particles exhibit consistent phase relationships, enabling phenomenon like entanglement and superposition.

UNLIMITED

We are in a state of superposition.
We embrace infinity across all possibilities
and perspectives.*

* When multiple overlapping waves combine, whereby the amplitude becomes the sum of the combined peaks.

LOVE

We are in a state of resonance.
We achieve well-being through collective
compassion.

* The amplification of a quantum system's response when the frequency of an external force matches its natural frequency.

Tone

Honest & Objective.
Insightful & Collective.

Dialect

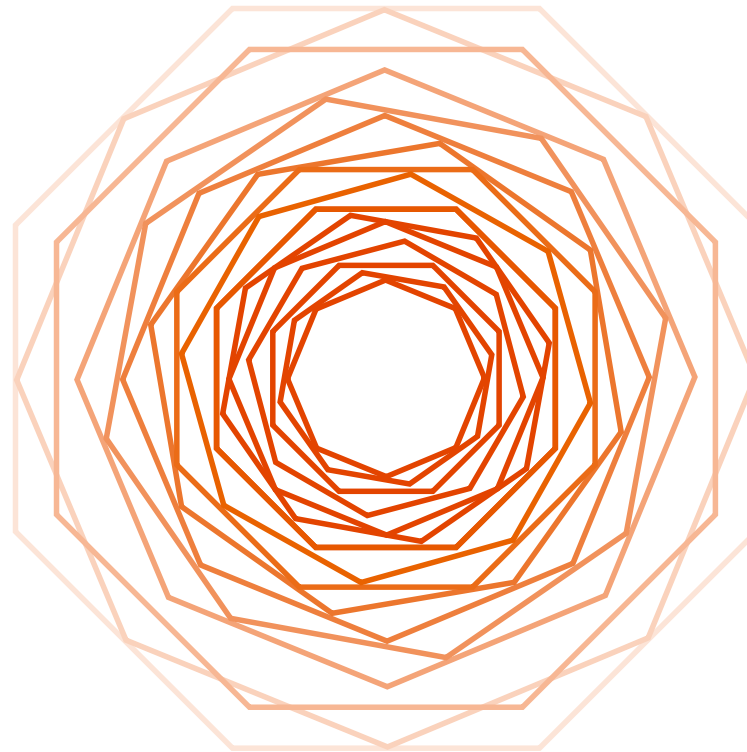

Coherent, Informative & Empathetic.

Voice

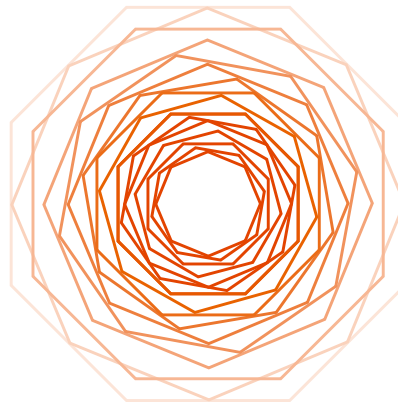

We're authentic and empowering.
We embrace complexity with empathy.

- 16 OctaDome
- 17 Brandmarque
- 18 Brandmarque Architecture
- 19 Minimum Clear Area
- 20 Minimum Logo Size
- 21 Brandmarque Locks
- 22 Colour Applications
- 23 Colour Palette
- 24 Incorrect Usage

The OctaDome is a distilled expression of our identity, used when the full brandmarque is not applicable. It serves as a visual shorthand for enlightenment and discovery.

A symbolic representation of our physical institute, layering concentric octagons that trace our aerial facade. The layers deepen in contrast as they arrive at the Agora, the true center of our ecosystem.

QUANTUM
INSTITUTE
DUBAI

Rooted in String Theory, our identity reconciles fundamental forces into a unified description. This geometric blueprint reflects our mission to merge pioneering science with transformative healing.

To maintain integrity and impact, the brandmarque must be surrounded by a defined exclusion zone. No other graphic elements or text should invade this space, ensuring the mark remains prominent.

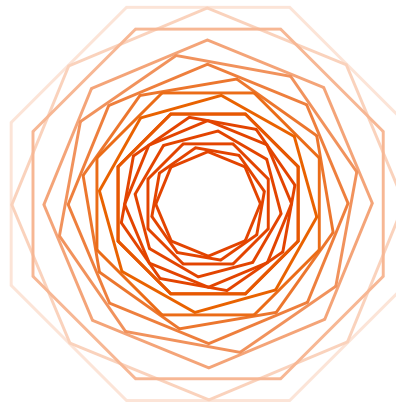

To ensure legibility and recognition, the brandmarque must never be reproduced below established dimensions. This preserves the clarity of our geometry across all print and digital media.

For Print

The logo should never be reproduced in a width smaller than 50 mm.

For Digital

The logo should never be reproduced in a width smaller than 140 px at 72dpi.

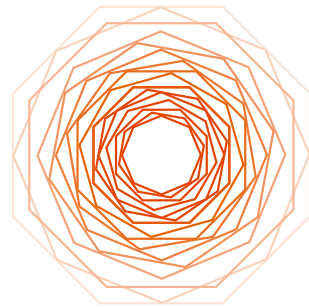

QUANTUM
INSTITUTE
DUBAI

50 mm / 140 px

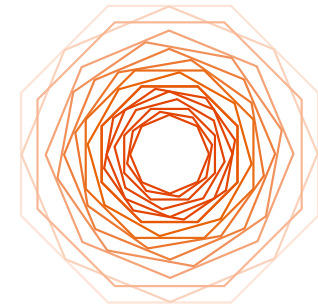

To maintain a coherent identity, the brandmarque and typography must only appear in authorized positions. These configurations ensure a consistent relationship between the mark and the institute's name.

Landscape

QUANTUM
INSTITUTE
DUBAI

Portrait

QUANTUM
INSTITUTE
DUBAI

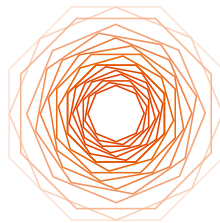

Our brandmarque should appear in its primary palette on light backgrounds for maximum resonance. Approved grayscale or reversed white versions are available for specific production requirements.

Positive Variations

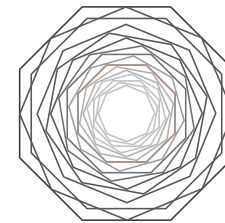

Use the positive application on light backgrounds.

Reverse Variations

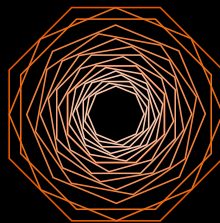

Use the reverse application on dark backgrounds.

Our palette — Canopy, Black, Ember, and Dusk — reflects a transition from the physical to the ethereal. These tones represent our dual nature: grounded in research yet reaching toward the unknown.

To preserve our identity the brandmarque must never be altered, distorted, or misapplied. Avoid any placement or color modification that disrupts the defined proportions.

Logo Don'ts

1. Don't flip the color of the typeface.
2. Don't recreate with a different typeface.
3. Don't change the color order in the icon.
4. Don't rearrange the component.
5. Don't stretch disproportionately.
6. Don't use the complete typeface in any other color.
7. Don't alter the lock spacing.
8. Don't add effects (glow, shadow, etc.).
9. Don't use it over a busy background.

- 26 Business Card
- 27 Letterhead
- 28 Sample Letter
- 29 Continuation
- 31 DL Envelope
- 32 Notepad
- 33 Folder
- 35 File
- 37 Employee Card & Lanyard

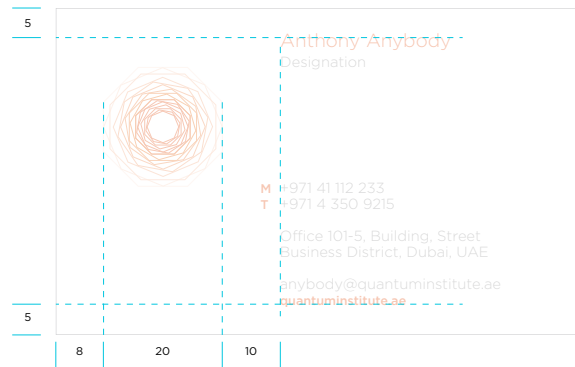

Our business cards serve as a tactile introduction to the Agora of Wisdom. They utilize a clean, professional layout that balances personal contact details with our core visual identity.

General Notes

- All measurements appear in millimetres (mm).
- Corporate business card size is 90x55 mm.
- Place all elements in their specified areas.
- The business card often serves as the first point of brand contact.
- Do not add clutter or unnecessary details.
- Minimize all details for clarity, impact, and confidence.

Type Specs.

- Gotham light; Left-aligned
- Gotham Medium; Left-aligned

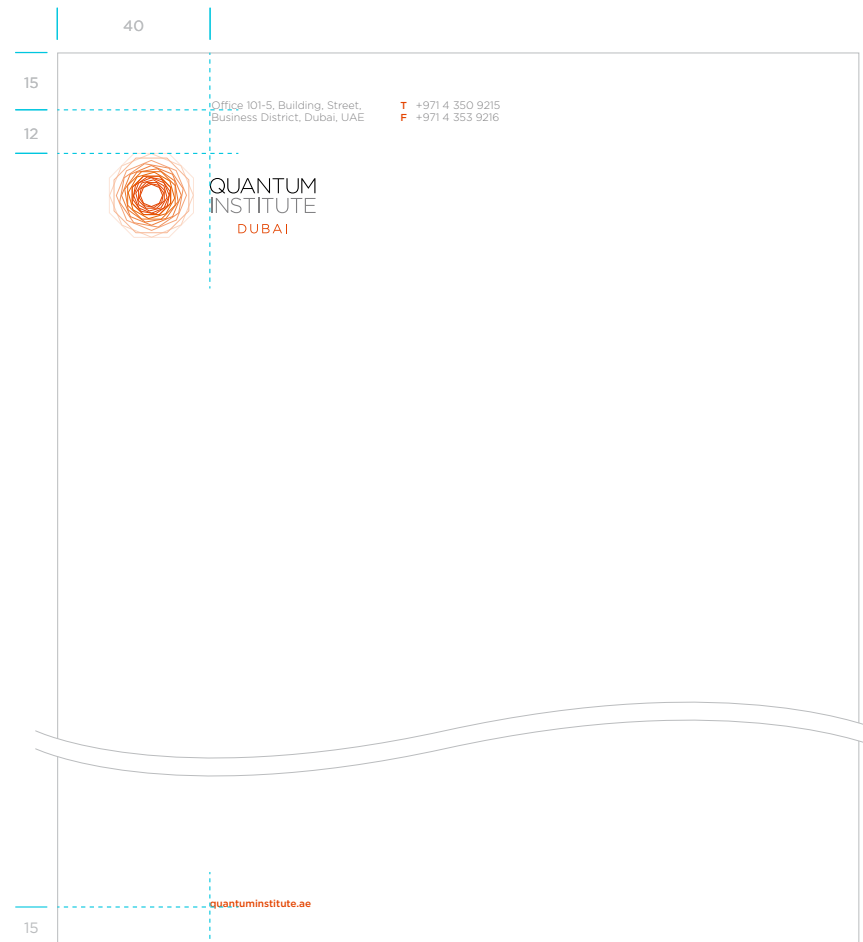

General Notes

- All measurements are in millimetres (mm).
- Letterhead size is 210x297.
- Place all elements in their specified areas.

Type Specs.

- Gotham light; Left-aligned
- Gotham Medium; Left-aligned

The folds are shown as marked in the sample.

Dear Sir,	
Sub: How to write a perfect letter.	
Our secondary font is Palatino regular used for long text. This is Palatino 11 points over 14 leading. Always place the date on the 99mm mark. That would be the first fold when the letter is folded to fit in a standard 9x4 envelope (DL). By doing this, letters appear professional, balanced and thoughtful.	
Leave one line space for paragraphs. But leave two line spaces between letter elements. In other words, leave two line spaces before and after the date. Notice how the right edge of the letter is not justified. Leave it ragged so that no 'rivers' appear in your copy. And vertically align the right margin 15mm from the edge.	
When you close, leave as much space as your signature demands. Your signature must be the crescendo in your letter. Do not give the feeling that it is cramped or ill-fitted. You would require 4-6 line spaces for effective signature impact.	
Your full name (and the subject heading after the salutation) appears in bold.	
Courtesy,
